Gregory Nash

PROFESSIONAL RESEARCH INTERESTS AND EXPERTISE –

- Geothermal exploration
- tectonic geomorphology
- remote sensing
- application of geographic information science to geologic problems
- 3-D geologic modeling

REGIONAL AND BASIN EXPERIENCE –

- Basin and Range and Colorado Plateau, U.S.A

EDUCATION –

- Ph.D. in Geography, University of Utah

MEMBERSHIPS –

- Geothermal Resources Council

PUBLICATIONS –

- Hulen, J.B., **Nash, G.D.**, Deymonaz, J., and Schiener, A., 2005, Hot prospect DOE enables the Emigrant geothermal exploration and slimhole drilling project in Fish Lake Valley, Nevada. Geothermal Resources Council Bulletin, v. 34 (July-August), p. 175-183.
- Hulen, J.B., **Nash, G.D.**, and Deymonaz, J., 2005, Geology of the Emigrant geothermal prospect, Esmeralda County, Nevada, Geothermal Resources Council, Transactions, v. 29, 15 p.
